

Lesson Prompts

Week of: September 9

Day	Subject	Prompt
Monday	Reading	Can you find an article about summer heat, fires, or a natural disaster? What did you discover from reading the article? How did it make you feel?
Tuesday	Writing	What do you hope to get out of school this year?
Wednesday	Math	Often, headlines and stories will estimate numbers. See how many estimates you can find in the newspaper, in headlines and stories.
Thursday	Science	View the Temperature section on the Weather page. What is the High temperature? Is it higher or lower than normal? What about for the year?
Friday	Civics/Social	Find something in the eEdition about your local government. Are you familiar with your local government and the happenings around your community?
