Questions & Activities

1. On your way home from school today, look at the street numbers on your street. Are the streets numbered with even on one side and odd on the others – or are they in sequential order?

2. If the first house number is 112 and the last house number is 136, how many lots are on that side of the street?

3. If one person from each of those lots purchased a copy of *The County Courier* @ 0.75 each, how much money would *The County Courier* collect?

4. Woody and Chloe went to Mr. Marvin’s Mini-Mart to purchase newspapers and rubber bands. As a class, play *The Alphabet Game*, naming things you could see inside Mr. Marvin’s store. For instance, the first student names something he/she saw in the store that begins with the letter A. The next student lists something that begins with the letter B, etc.
   
   Example
   
   Student 1: *I was at Mr. Marvin’s Mini-Mart and saw apples.*
   
   Student 2: *I was at Mr. Marvin’s Mini-Mart and saw a box of bananas.*

5. Woody mentions the street names Hickory and Maple. Using Google maps, find a map of your town and answer the questions below. (You may be able to search for an alphabetical list of street names in your town.)
   
   - How many streets are named after trees?
   - How many streets are named after presidents?
   - Of all the street names you see, which one do you like the best? Why?
   - If you were developing a neighborhood, what you would name the streets?
WHAT DO YOU THINK?

What did the letter say to the stamp?

*Stick with me and you’ll go places!*

CUT & PASTE

Did your newspaper provide a scrapbook so you can collect the stories? If not, make your own scrapbook. Then cut out each chapter and paste it in the scrapbook. Once you’ve collected all 10 chapters, you will have your very own Woody book! Are Woody and Chloe coming to your town soon? If so, bring your scrapbook for the pups to sign!
